

ESCON 2019 BORDEAUX PROGRAM

Time	Room Cabernet	Room Malbec	Room Merlot	Room Sauvignon
Monday, September 2, 2019				
10:30	Welcome & Registration (Atrium, University entrance hall) Tea and Coffee Break (garden, outside the auditorium – if the weather permits)			
13:00	Plenary Session (Deniges Auditorium) Toward a goal-directed explanation of suboptimal behavior <i>Agnes Moors</i>			
	Session 1: Approach-Avoidance	Session 2: Emotions	Session 3: Consumer Cognition	Session 4: Rebutal on "Implicit"
	Chair: Cédric Batailler	Chair: Wijnand Van Tilburg	Chair: Susanne Quadflieg	Chair: Jimmy Calanchini
14:15	Evaluative response acquisition in approach and avoidance trainings: No evidence for an effect of actual performance over instructions on incidental and instrumental learning <i>Cédric Batailler, Dominique Muller, and Cécile Nurra</i>	Invaluable past, expendable future? Nostalgia accelerates temporal discounting <i>Wijnand Van Tilburg, Tim Wildschut, and Constantine Sedikides</i>	The impact of relational first impressions in print advertising <i>Susanne Quadflieg</i>	What's so associative about implicit associations? <i>Jimmy Calanchini, Jeremy Cone, Colin Smith, Pieter van Dessel, Sean Hughes, and Jan de Houwer</i>
14:45	Can the VAAST produce large replicable approach/avoidance compatibility effects when participants do not have to process valence? <i>Dominique Muller, Cédric Batailler, François Ric, Marine Rougier, and Maë Broud</i>	When things could have gone wrong: Affective and motivational consequences of near-misses <i>Koi Epstude and Amy Summerville</i>	Investigating opposing effects and predictions for round (\$10.00), just-below (\$9.99), and precise prices (\$9.87)—a meta-analysis and a high-powered experiment <i>Eve Sarah Müller, David Loschelder, Marie-Lena Frech, and Malte Friese</i>	Implicit Attitudes and Evaluations are Misleading Constructs: They are Neither Distinctly Measured nor Distinctly Acquired <i>Oliver Corneille and Mandy Hütter</i>
15:15	Affective Stimuli and Action Readiness: An Informational Account <i>Nicolas Pillaud and François Ric</i>	Taking or giving money? How social comparisons-based emotions can explain economic decisions <i>Lea Boecker</i>	Debt repayment, default options and anchoring: Disclosure of payment alternatives to increase credit card monthly repayment <i>Jerônimo Soro, Mário Ferreira, and Catarina Nunes</i>	Formal modeling as a means to revisit the stability of indirect measures of prejudice <i>Manuel Becker, Sarah Teige-Mocigemba, and Karl Klauer</i>
15:45	Tea and Coffee Break (garden, outside the auditorium – if the weather permits)			
	Session 5: Approach-Avoidance	Session 6: Self	Session 7: Consumer Cognition	Session 8: Meta-Science
	Chair: Juliane Degner	Chair: Hugo Bouxom	Chair: Nicolas Bochard	Chair: Hans IJzerman
16:15	The Interaction of Valence and Relevance in Automatic Approach-Avoidance Tendencies <i>Juliane Degner, Dominique Muller, Regina Reichardt, François Ric, and Marine Rougier</i>	With Great Power, Comes Great Personalities : Mediating effect of the Active-Self on the consequences of an induction of social power <i>Hugo Bouxom, Peggy Chekroun, and Jean-Baptiste Légal</i>	The health halo effect: an explanation in terms of affective misattribution <i>Nicolas Bochard, Dmonique Muller, Norbert Schwarz, and Jonathon Schuldt</i>	ManyLabs 5: Testing pre-data collection peer review as an intervention to increase replicability <i>Hans IJzerman</i>
16:45	"Science Manipulates the Things and Lives in Them": Reconsidering Approach-Avoidance Operationalization Through a Grounded Cognition Perspective <i>Ivane Nuel, Marie-Pierre Fayant, and Théodore Alexopoulos</i>	Goal-Directed Allostasis: The Unique Challenge of Keeping Things as They Are <i>Yael Ecker, Michael Gilead, and Roland Imhoff</i>	Are commercials able to give you wings? The impact of risk-glorifying commercials on risk behavior <i>David Urschler, Hanna Heinrich, Stefanie Hechler, Peter Fischer, and Thomas Kessler</i>	How can intranasal-oxycotin research be trusted? Lessons learned from a systematic review and suggested directions for future research <i>Adrien Mierop, Moira Mikolajczak, Christoph Stahl, Jérémy Béna, Olivier Luminet, Anthony Lane, Olivier Corneille</i>
	Session 9: Prejudice	Session 10: Self	Session 11: Moral Cognition	Session 12: IAT
	Chair: Lucie-Anna Lankester–Broche	Chair: Siobhan Caughey	Chair: Dariusz Karas	Chair: Armand Chatard
17:20	From one Laïcité to another: the regulation of prejudice through suppression-justification processes in french Laïcité(s) context(s) <i>Lucie-Anna Lankester–Broche and Théodore Alexopoulos</i>	How Prioritised Is Self Prioritisation? <i>Siobhan Caughey, Johanna Falbén, Marius Golubickis, Ruta Balseryte, Linn Persson, Dimitra Tsamadi, and Neil Macrae</i>	Utilitarian choices in moral dilemmas and market orientation relationships <i>Dariusz Karas and Dagna Wlekińska</i>	Predicting the Unpredictable: The Suicide-IAT Passes the Test of a Direct and Independent Replication <i>Armand Chatard</i>
17:50	Moderators of Intergroup Evaluation in Disadvantaged Groups: A Comprehensive Test of Predictions from System Justification Theory <i>Inobong Essien, Jimmy Calanchini, and Juliane Degner</i>	The Not So Ubiquitous Self: Exploring Stimulus Prioritization in an Ownership Task <i>Johanna Falben and Neil Macrae</i>	Control experience and moral decision making: The case of corruption <i>Sindhuja Sankaran and Miroslaw Košta</i>	Surprise, Surprise: You Are Biased – People Are Surprised at IAT Feedback Unless They First Reflect on Their Own Biases <i>Alexandra Goedderz and Adam Hahn</i>
18:20	#Women, not objects: a sensitizing web campaign against female sexual objectification to reduce sexual harassment <i>Francesco Guizzo and Mara Cadinu</i>	Feeling of connection between present self and future self and action toward the future self : a reciprocal effect <i>Cécile Nurra, Fernando Nunez-Regueiro, and Daphna Oyserman</i>	Revising First Impressions: The Key Role of Moral Character in Driving Impression Updating <i>Marco Brambilla, Luciana Carraro, Luigi Castelli, and Simona Sacchi</i>	Self-Other Asymmetries in the Perceived Validity of the Implicit Association Test <i>Cristina Mendonça, André Mata, and Kathleen Vohs</i>
20:30	Dinner (Le Confidential, 80 quai des Chartrons)			
Tuesday, September 3, 2019				
	Session 13: Prejudice	Session 14: Self	Session 15: Evaluative Conditioning	Session 16: Trust
	Chair: Sara Hagá	Chair: Nikhila Mahadevan	Chair: Mandy Hütter	Chair: Maayan Katzir
08:45	Of mice and boys: Perceiving children as less human than adults <i>Sara Hagá and João Santos</i>	Hierometer theory: A functional account of status and self-regard <i>Nikhila Mahadevan, Aiden Gregg, and Constantine Sedikides</i>	Revisiting the Contingency Sensitivity of Evaluative Conditioning: An Ecological Conceptualization <i>Mandy Hütter and Max Ihmels</i>	To Trust or to Mistrust – Which is the More Dominant Response Tendency? Evidence from a Dominant Behavior Test (DBT) <i>Maayan Katzir and Ann-Christin Posten</i>
09:15	My physical appearance at the center of others' concerns: what are the consequences for metadehumanization and emotions? <i>Tina Chevallereau and Stéphanie Demoulin</i>	Experiencing pre-registration replication with undergrad students: A Pronin et al. (2002) replication <i>Amélie Bret, Cédric Batailler, Rémi Courset, Camille Sanrey, Soufian Azouaghe, and Dominique Muller</i>	The primacy of valence in affective learning: Evidence from an evaluative conditioning paradigm <i>Bruno Richter and Mandy Hütter</i>	Distributions of Trust <i>Hans Alves and Pinar Uğurlar</i>
09:45	Sexual objectification beyond the metaphor: Comparing neural responses toward objectified human targets and objects <i>Daniela Ruzzante, Jeroen Vaes, Giulia Cristoforetti, Carlotta Cagoni, and Veronica Mazza</i>	Despicable Me: When self-awareness leads to a motivation to escape the self <i>Jean Maneger, Armand Chatard, and Lella Selimbegovic</i>	The Role of Diagnosticity in Evaluative Conditioning <i>Tal Moran, Sean Hughes, Pieter Van Dessel, and Jan De Houwer</i>	Trust me, I'm an expert: Does trust in in-group and distrust in out-group explain the ideology-over-policy effect? <i>Gabriela Jiga-Boy, Eleanor Heath, Yasmin Ford, and Dion Curry</i>
10:15	Tea and Coffee Break (garden, outside the auditorium – if the weather permits)			
10:45	Plenary Session (Deniges Auditorium) Rethinking the effect of similarity on judgments and categorization <i>Roland Imhoff</i>			
12:00	Lunch break			
	Session 17: Power	Session 18: Self in Comparison	Session 19: Evaluative Conditioning	Session 20: Trust
	Chair: Alice Normand	Chair: Paul Barker	Chair: Niels Kukken	Chair: Marco Biella
13:00	The cognitive load of poverty: from attention mechanisms to the role of income inequality <i>Alice Normand and Nicolas Sammet</i>	Revisiting assimilation & Contrast: A Curve Fitting Approach <i>Paul Barker, Roland Imhoff, and Ron Datsch</i>	Are there two independent evaluative conditioning effects in relational paradigms? Dissociating the effects of CS-US pairings and their meaning <i>Niels Kukken, Mandy Hütter, and Rob Holland</i>	Navigating the Social Environment: A Sampling Approach to Trustworthiness <i>Marco Biella and Mandy Hütter</i>
13:30	Group Member Status Moderates People's Impression of the Group as a Whole <i>Christophe Blaison, Roland Imhoff, and Till Kastendieck</i>	Does positive mood impact social comparison processes ? <i>Luc Vieira, Marie-Pierre Fayant, and Florence Spitzentzetter</i>	Dissociations between Learning Phenomena do Not Necessitate Multiple Learning Processes: Mere Instructions about Upcoming Stimulus Presentations Differentially Influence Liking and Expectancy <i>Simone Mattavelli, Jan De Houwer, and Pieter Van Dessel</i>	Why people may believe false information despite knowing better <i>Christian Unkelbach, Felix Speckmann, and Rainer Greifeneder</i>
14:00	A third person perspective on mimicry: Imitating others reduces perceived dominance and power <i>Oliver Genschow and Hans Alves</i>	Looking up or looking down? The everyday impact of social comparison processes on self-regulatory goals <i>Kathi Diel and Wilhelm Hofmann</i>	Role of the HRV in evaluative conditioning <i>Théo Besson, Oulmann Zerhouni, and Johan Lepage</i>	
	Session 21: Grounded Cognition	Session 22: Self in Comparison	Session 23: Moral Cognition	
	Chair: Marine Rougier	Chair: Julie Terache	Chair: Katarzyna Myslińska Szarek	
14h35	When my Actions Shape the Way You Look: Experience-Based Properties of Approach/Avoidance Can Bias the Perception of Others <i>Marine Rougier, Mathias Schmitz, and Vincent Zyerbyt</i>	Compensation on self-perception following threatening comparisons: failed replications <i>Julie Terache and Vincent Zyerbyt</i>	The impact of the self-interest bias on preschoolers' judgements of moral hypocrites <i>Katarzyna Myslińska Szarek, Wiesław Barylka, and Konrad Bocian</i>	
15:05	Validation of the ISP131001 Sensor for Measuring Peripheral Body Temperature <i>Elisa Sarda and Richard A. Klein</i>	Social learning of attitudes: when and how do other people's reactions influence explicit and implicit evaluations? <i>Sarah Kasran, Sean Hughes, and Jan De Houwer</i>	Thou Shalt Not Kill, Thou Shalt Not Interfere – The Foreign Language Effect in Moral Dilemma Judgment <i>Max Hennig and Mandy Hütter</i>	
15:35	Tea and Coffee Break (garden, outside the auditorium – if the weather permits)			
15:50	Thematic Workshop 1	Thematic Workshop 2		
	Chair: Christian Unkelbach	Chair: Mandy Hütter		
17:20	Social Event			
18:00	Social Event			
20:00	Enjoy Bordeaux by your own!			
Wednesday, September 4, 2019				
	Session 24: Stereotyping	Session 25: Ostracism	Session 26: Spontaneous Trait Inferences/Dissonance	Session 27: Information Sampling
	Chair: Felix Speckmann	Chair: Thibault Jaubert	Chair: Marta Maj	Chair: Linda McCaughey
09:00	Online news as a basis for stereotypes against refugees <i>Felix Speckmann and Christian Unkelbach</i>	Sharing Exclusion in Group Fosters in-Group Identification <i>Thibault Jaubert, Peggy Chekroun, and Patrick Gosling</i>	Is hypocrisy always equally disturbing? - the matter of value importance <i>Marta Maj and Malgorzata Kossowska</i>	Information Truncation in Sampling as Cost Consideration <i>Linda McCaughey, Johannes Prager, and Klaus Fiedler</i>
09:30	Are we all performing the same task? The moderating factors influencing the multinomial model structure associated with the Stereotype Misperception Task <i>Rémi Courset, Dominique Muller, Marco Perugini, Karl Christoph Klauer, Regina Reichardt, Jeffrey W. Sherman, Juliane Degner, and Andrew Rivers</i>	Investigating motivated social exclusion with the Cyber-task Paradigm <i>Selma Rudert</i>	Spontaneous Inferences from Behavior and Stereotypes <i>Jana Mangels and Juliane Degner</i>	Vicissitudes of truncated information sampling <i>Klaus Fiedler, Johannes Prager, and Linda McCaughey</i>
10:00	Projection and stereotyping as different processes that predict discrimination: The moderating role of construal level <i>Jochim Hansen and Sophie-Therés Graffius</i>	Who's in, who's out? Testing the relative nature of ostracism <i>Corinna Michels</i>		A Sampling Approach to evaluative conditioning <i>Mandy Hütter and Max Ihmels</i>
10:30	Tea and Coffee Break (garden, outside the auditorium – if the weather permits)			
	Session 28: Intergroup Processes	Session 29: Interpersonal Relations	Session 30: Dimensions of Judgement	Session 31: Information Sampling
	Chair: Manon Arnoult	Chair: Tabea Zorn	Chair: Alex Koch	Chair: Chris Harris
11:00	"You Will Not Have My Hate. Or Will You?" When Terror in Paris Spreads Implicit Anti-Muslim Attitudes Around the World <i>Manon Arnoult, Armand Chatard, and Lella Selimbegovic</i>	Interpersonal attraction as a function of shared preferences versus shared aversions <i>Tabea Zorn and Hans Alves</i>	The ABC of society: Similarity in agency and beliefs increases cooperation across groups <i>Alex Koch, Angela Dorrough, Andreas Glöckner, and Roland Imhoff</i>	Biased preferences through exploitation: The effects of skewed outcome distributions on information sampling <i>Chris Harris, Klaus Fiedler, Hans Marien, and Ruud Custers</i>
11:30	Learning about "us": Group membership biases learning about social groups, but not retrieval <i>Fabian Hoegden, David Urschler, and Thomas Kessler</i>	The effects of redundant traits on potential dating partner evaluations <i>Jana Ruesmann, Christian Unkelbach, Hans Alves, and Anne Gast</i>	Social Perception in the Dictator Game <i>Jana Ruesmann and Christian Unkelbach</i>	Toss and turn or toss and stop? A coin flip reduces the need for information in decision-making <i>Maria Douneva, Mariela Joffé, and Rainer Greifeneder</i>
12:00	Dissociating Category Emphasis from Other Confounds in Multiculturalism-Colorblindness Research <i>Adam Hahn, Alexandra Goedderz, Sarah Banchevsky, Bernadette Park, and Charles Judd</i>	Leveraging memory to communicate value <i>Andrei Iulian Pinteau and Devin Roy</i>	Facial representation of the compensation effect <i>Mathias Schmitz, Antoine Vanbeneden, and Vincent Zyerbyt</i>	
12:30	Lunch break			
13:30	Plenary Session (Deniges Auditorium) From stereotype threat to symbolic violence: Documenting social reproduction from social psychology <i>Jean-Claude Croizet</i>			
	Session 32: Intergroup Processes	Session 33: Interpersonal Relations	Session 34: Face Processing	Session 35: Categorization/ Control
	Chair: Marleen Stelter	Chair: Pinar Uğurlar	Chair: Aleksandra Tolopilo	Chair: Felicitas Flade
14:45	Individuating outgroup faces: Investigating the cognitive processes underlying individuation versus categorization <i>Marleen Stelter and Juliane Degner</i>	Interpersonal closeness impairs the ability to recall trust decisions <i>Pinar Uğurlar, Michael Zürn, and Ann-Christin Posten</i>	Communion Lost in The Crowd. Face Perception is Dominated by the Expressions of Agency <i>Aleksandra Tolopilo, Magdalena Formanowicz, Mirella Walker, and Michal Parzuchowski</i>	Unite Against: A common threat invokes spontaneous decategorization between social categories <i>Felicitas Flade, Yechiel Klar, and Roland Imhoff</i>
15:15	Does it matter who the perpetrator is? The effect of a perpetrator's ethnicity, negative attitudes against Muslims, and rape myth acceptance on blame attribution in the context of a rape case <i>Zahra Khosrowtaj, Philipp Suessenbach, and Sarah Teige-Mocigemba</i>	Do significant others elicit implicit ambivalent evaluations? An attempt at resolving inconsistencies <i>Thomas Verliejde and Mandy Hütter</i>	Faces evoking emotions stereotypically triggered by groups: Introducing a refined reverse correlation approach <i>Matthias Keller, Leonie Reutner, Rainer Greifeneder, and Mirella Walker</i>	Black and White vs. Shades of Grey – Categorical vs. continuous social perception as a personality trait <i>Lea Sperlich, Felix Speckmann, and Christian Unkelbach</i>
15:45	The effect of social group on the evaluation of individual members <i>Mayan Navon and Yaav Bar-Anan</i>	Studying HRV to predict sexist beliefs and opposition to sexist behaviors in women <i>Solenne Bonnetere, Oulmann Zerhouni, and Johan Lepage</i>	Differences in Faces do Make a Difference: Diversity Perceptions and Preferences in the Domain of Personality <i>Mariela Joffé, Matthias Keller, Joris Leitner, and Mirella Walker</i>	What accounts for diverse effects of evoked lack of control on (social) cognition? A revisited framework of agents, means and ends of control <i>Marcin Bukowski, Anna Potoczek, and Miroslaw Košta</i>
16:15	Tea and Coffee Break (garden, outside the auditorium – if the weather permits)			
16:45	Best Paper Award (Deniges Auditorium)			
17:45	Closing comments			
20:00	Farewell dinner (Le café du port, 1 quai Deschamps)
